KNeoMedia operations update and Appendix 4C for Sept 2016

- **Revenue increased by 100% over previous quarter.**
- **Further progress in US with schools returning from 2 month vacation.**
- **iOS Apple App nears completion.**
- **Revenue expected to increase again in current quarter.**

Online education publisher **KNeoMedia Limited** ("**KNeoMedia**" or the "**Company**") (**ASX: KNM**) is pleased to provide shareholders with this update on its business operations and activities for the period ended 30 September 2016, along with the attached Appendix 4C - Quarterly Report.

Revenue for the quarter was \$114,000, a 100% increase on the previous quarter of \$55,000. Marketing activities in the US educational markets have again resumed post the two-month summer vacation period and sales resulting from these activities are expected to reflect a further revenue increase in the current quarter. As previously reported, interest for KNeoWORLD is growing strongly with over 25 sales enquiries at an advanced stage from public schools in the greater New York area.

As well, KNM expects increasing uptake of edutainment offerings in the US, Australia, the UK Norway, Sweden and additional regions in the current quarter.

As previously announced, the Company is near to completion of its sophisticated iOS Apple App that will be the catalyst to increased marketing activities and we expect to announce the product launch in the coming days.

Direct operating costs for the quarter substantially decreased to \$344,000 from \$474,000 for the previous quarter indicative of the maturing development cycle of the Company's products.

Post end of quarter KNM was also pleased to announce completion of a capital raising of \$320,000 together with a \$200,000 loan facility, which subject to shareholder approval, may be converted to equity after the AGM. The funds will be used to support the marketing and sales of the suite of products that have now been developed. The Company looks forward to providing and update on these activities over the next few weeks.
