Securities Trading Policy

1. INTRODUCTION AND PURPOSE

KneoMedia Limited (KneoMedia or the Company) is committed to ensuring that the Company and its employees do not breach prohibitions on insider trading or create any perception of senior managers or employees dealing in securities when they should not do so.

This Policy establishes procedures that provide protection to the Company and its directors, senior management and employees against the misuse of unpublished price sensitive information which could materially affect the value of the Company's securities.

2. SCOPE

This Policy applies to:

- a) all directors and officers of the Company and its subsidiaries;
- b) all employees of the Company and its subsidiaries (the Group) nominated as being in possession of Price Sensitive Information;
- c) all senior management of the Group;
- d) All persons who have access to consolidated Group financial information (whether employed by the Group or not); and
- e) their associates (as defined in the Corporations Act).

In this Policy, the persons listed above will be collectively referred to as Relevant Persons.

3. DEALING IN SECURITIES

KneoMedia is required under the ASX Listing Rules to immediately provide all information which may have a material effect on the price or value of the Company's shares ("Price Sensitive Information"). Employees may come into possession of Price Sensitive Information before the Company has made that information available to the market. It is imperative that all such employees keep that Price Sensitive Information confidential and do not trade in the Company's shares before that Price Sensitive Information is released and becomes generally available. To deal in KneoMedia securities at these times would breach the insider trading provisions of the Corporations Act which provide as follows:

A person is prohibited from dealing in, or procuring others to deal in, securities of a relevant entity where:

- *the person possesses information which is not generally available; and*
- *that information may have a material effect on the Company's share price; and*
- *the person knows or ought reasonably to know that the information is not generally available and if it were, it might have a material effect on the share price.*

Breach of the insider trading provisions of the Corporations Act is a criminal offence punishable by substantial fines or imprisonment or both. Insider trading may also attract civil penalties. A court may impose substantial monetary penalties for insider trading and order payment of compensation to persons who suffer loss or damage because of insider trading.
