

You're  Invited...

Dear Provider,

The Early Learning Coalition of Osceola County is inviting you to participate in a virtual learning, enrichment language and literacy learning program. The KneoWorld™ digital curriculum is designed to engage children and families in year around enrichment activities. It is a fun and exciting way for teachers and caregivers to interact with children to build and enhance literacy skills. We are providing the KneoWorld™ digital curriculum to you at no cost to you. If you are interested in participating and signing up your preschoolers, age 3-5, please email our Preschool Education Specialist.

With this program, we will monitor the usage and the progress of each student. You will receive periodic reports on the progress of each child listed on your roster.

We have already started an early group of participants and have seen growth in FAST/STAR literacy scores from using KneoWorld as a supplemental strategy.

For more information and to register your center/ program please email us today.....
